Our logo is based on a fully restored 1936 Atwater-Kent radio which is still in our office and has been so since the early 1980s. The logo was the work of the late Bob Burchett of Cincinnati, Ohio. Burchett was publisher of Old Time Radio Digest for many years and also founder of the Cincinnati Old-Time Radio conventions.

We were also the first and only supplier of old-time radio shows to feature a CAT (named "Molly") on the cover of our CAT-logs in the 1980s.

Accept no substitutes! We've been in business for 45 years!
