

BRC BROADCAST SVCS
P.O. BOX 158
DEARBORN HTS., MI 48127-01578
bob@brcbroadcast.com

For more than 30 years, we have offered professional services to mostly midwest-based AM/FM broadcast stations, as well as to podcasters & musicians for build-outs for home recording studio projects.

We specialize in...

- AM/FM General Maintenance, including transmitters, directional arrays, processing, EAS and general FCC compliance & automation systems
- Audio Processing for broadcast, streaming & media distribution
- Studio design and construction for broadcast and podcasting
- Translator and low power design and construction
- Project planning and equipment recommendations
- Cost effective equipment sources and qualified extra personnel for major projects
- Reasonable rates
- Will travel for special projects
